

USB-C 4-Port Hub

Model (VP6940)

Overview

1. Four high-speed USB 3.1 ports
2. USB-C cable connector to computer
3. Aluminum top case with top-loading ports
4. Port status LED indicators (blue when connected)

Getting Started

Thank you for choosing the USB-C 4-Port Hub. Getting started with your new hub is easy. Just follow the three simple steps below:

1. **Plug the VP6940 into your USB-C port.**
2. **Connect peripherals to available USB ports**
3. **USB port LEDs will glow when connected.**

Charging Mobile Devices

The VP6940 USB-C 4-Port Hub will charge your smartphones, tablets, or other mobile devices via any of its USB ports.

Simply select an available port, plug in your mobile device, confirm that it is receiving power, and that's it. You're done!

FCC Statement

This equipment has been tested and found to comply with the limits for a class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Re-orient or relocate the receiving antenna
- Increase the separation between the equipment and receiver
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected
- Consult the dealer or an experienced radio/TV technician for help

This equipment has been verified to comply with the limits for a class B computing device, pursuant to FCC Rules, in order to maintain compliance with FCC regulations, shielded cables must be used with this equipment. Operation with non-shielded cables may result in interference to radio and TV reception. The user is cautioned that changes and modifications made to the equipment without the approval of manufacturer could void the user's authority to operate this equipment.

Thank You

Thank you for purchasing your VP6940 USB-C 4-Port Hub, which provides four high speed USB ports to offer a wide range of connectivity for printers, mobile phones, flash drives and more.
